Re: U.S. v. Jason Li, a/k/a "Jason Liu," "Li Liu," and "Fen Li"
Index No. 16-6041 (SCM), United States District Court, District of New Jersey

Dear Judge Mannion:

The above referenced case is continued through December 3, 2016 according to the Continuance Order dated September 30, 2016.

The defendant, Mr. Jason Li, has received calls from his family in China that his father, Mr. Peisheng Liu, is under critical illness condition since October 11, 2016, which may further deteriorate, and one or more of the life-threatening complications may occur anytime. We have enclosed the Notice of Critical Illness from Chengdu City Traditional Chinese Medicine & Western Medicine Hospital--Chengdu City No.1 People's Hospital, together with Mr. Li's birth certificate showing his relationship with Mr. Peisheng Liu for your reference.

We hereby request the Court to grant Mr. Li a period of four to six weeks to go back to China and to take care of his father. Not only has Mr. Li been cooperating with the Government, complying with every conditions set in the pretrial release supervision, he is also deeply rooted in his community here in the U.S., where he supports his family for many years. Moreover, since the current action is still ongoing, so is the plea negotiation between the Government and Mr. Li,

and Mr. Li has been very cooperative, we are certain that Mr. Li will be back for his trial to defend his innocence after the time granted or to take the plea. Mr. Li runs a low level of risk to flee the U.S. because he is a U.S. citizen.

In addition, we have conveyed the same to the Government previously via e-mail. In the meantime, we will keep cooperating with the Government as well as the Court and will notify the Court timely once we come up with a resolution for the above referenced case.

Thank you in advance for your consideration.

Very truly yours,
